Easy Caramel Apples

1. Wash and dry apples thoroughly
2. Insert popsicle sticks into stem end of each apple
3. Cover cookie sheet with waxed paper and spray with cooking spray
4. Pour caramel bits in a microwave safe bowl and add 2T water.
5. Microwave for 2 minutes then stir until caramels are melted
6. Dip each apple into the caramel until evenly coated, spooning caramel over apples if necessary.
7. Allow excess caramel to drip off then place on the cookie sheet.
8. Place cookie sheet in the refrigerator for at least 1 hour.
